Counseling and guidance for both aspiring and established entrepreneurs.

The Häme Chamber of Commerce, the Häme Fair Oy, the TE-centre business service desk, the Häme Jobs and Society, the Hämeenlinna City Center Association, the Union of the Hämeenlinna Entrepreneurs and the Häme Development Centre Oy are all offering their services to you in the new facilities of the Business Service Centre on Raatihuoneenkatu 17 A 5th floor, in the center of Hämeenlinna.

The Häme Chamber of Commerce takes care of the mutual interests of businesses and functions as an influencer on the economic life of the area. The Häme Chamber of Commerce offers both counseling and schooling to the companies in the area. Some of the most essential services offered to companies are committee work, topical training and information, legal services as well as authentication of foreign trade documents.

The Häme Fair Ltd supports the Häme region business life by arranging a variety of fairs and events. Around ten different fairs and events a year offer experiences for a big audience.

The Häme Jobs and Society offers counseling on company start-ups to the new entrepreneurs of the region. Experts assist in the evaluation of business ideas. We also offer help and guidance in making profitability calculations and business and marketing plans, and we give financing statements. Jobs and Society can help you find a continuator for your business as well. You can also visit at Sibeliuksenkatu 2 B, 5th floor.

Services of The National Board of Patents and Registration of Trademarks: Jobs and Society will help You by giving directions on filling in registration forms and other practical questions. Register notices can be sent to *Hämeenlinna maistraatti (Hämeenlinna City Administration), Birger Jaarlin katu 13, FI-131000 Hämeenlinna* or sent directly to The National Board of Patents and Registration of Trademarks or to The Tax Administration.

The Hämeenlinna City Center Association's goal is to create a city center with a complete set of pleasant, high-quality services and the infrastructure to support it. An essential prerequisite in developing the city center is a functioning co-operation between property owners, business life, citizens, city officials and other key figures. **The Union of the Hämeenlinna Entrepreneurs** takes care of its local members' interests and functions as networking channel. You can find it in the same facilities as the other services.

As well as business services, **The Häme Development Centre Ltd** offers services on tourism and area development, mainly to established companies. The services among others include electronic services (meeting rooms, company and business premises register, company stock exchange) company co-operation and information as well as marketing. Companies relocating to this area should take advantage of the relocation services.
